

Euro-IX Associate Membership Agreement

Euro-IX
Westeinde 12
1017 ZN AMSTERDAM
The Netherlands

To whom it may concern,

The Internet Exchange Point known as _____ agrees to becoming an associated member of Euro-IX and will pay an amount of 3.000 euro per annum. (The above mentioned party will not be accountable for the first years' membership fees if the Euro-IX board approves an application for 'first year free associate membership')

I understand that as an Associate member of Euro-IX we do not receive a right to vote at General Meetings, we do not receive subsidised accommodation during Euro-IX Forums and Euro-IX will not extend its current or future services to explicitly cover our country or region.

By signing this agreement I fully acknowledge the Euro-IX Articles of Association and furthermore agree not to disclose any information that is deemed for Euro-IX members or associate members only.

I also understand that the main objectives of Euro-IX are:

1. To provide a portal WEB site with a framework for standardised presentation of key information about individual and independent Internet exchange points or exchange point organisations.
2. To provide an internal knowledge base and communication platform for all members of the Euro-IX organisation for the sharing and exchange of information and Best Practice relating to implementation, operation and administration of Internet exchange points.
3. To assist in the co-ordination of Members' response to regulation of peering and interconnect. Specifically, Euro-IX itself will not directly approach the EU, ITU and other regulators with respect to regulation of peering and interconnect, but will act as a clearing house for gathering information about proposed new regulations, so that individual member organisations can take their own action.
4. To make announcements about the organisation's actions, in accordance with publicity guidelines agreed by the membership.

Yours sincerely
